Application No. 09/781,110

Amendment under C.F.R. 41.33 (a) and C.F.R. 1.116 (b) (2) dated November 21, 2006

REMARKS

It is respectfully requested that the amendments made by this paper be entered into the record inasmuch as the amendments place the claims in better form for appeal without raising any new substantive issues for consideration. Amendments, such as this one, which are entered

after a Notice of Appeal and prior to the submission of the Appeal Brief, are statutorily

permissible according to C.F.R. §41.33(a) and §1.116(b)(2).

It will be noted that the only claim being amended by this paper is independent claim 21

to delete a redundant recitation of the terms "a unique identifier". Accordingly, it will be appreciated that the amendments made by this paper merely correct grammatical informalities in

21, while at the same time improving the consistency between the claim language recited in

claim 21 and the claim language recited in claim 1.

This amendment, as well as those presented in the previous amendment, were generally

discussed with the Examiner on November 20, 2006, at which time the Examiner indicated that the amendments should be formally entered through an amendment, such as this, rather than

through a telephonically authorized Examiner's Amendment.

In the event that the Examiner has any questions about this amendment that may be

clarified through a telephone interview, the Examiner is requested to contact the undersigned

attorney.

Dated this 21st day of November, 2006.

Respectfully submitted,

400
